

Coal India Limited (CIL) Operational & Financial Dossier

Theme: Obsidian Dark Deck (Gamma Midnight Tech) | Dossier ID: REP-2026-B56D | Verification: AST Deterministic Math Engine

NATIONAL EXTRACTION	THERMAL OFFTAKE	ACTIVE OPERATING MINES	GROSS REVENUE
768.19 MT	753.50 MT	295 Mines (8 Subsidiaries)	Rs. 1,68,400 Cr
96.2% Target Benchmark	98.1% Power Offtake Fulfillment	MCL, SECL, NCL, CCL, WCL, ECL, BCCL	EBITDA: Rs. 53,276 Cr (31.6%)

1. Sovereign Extraction Milestone & Macro Operational Baseline

Coal India Limited (CIL) registered an unprecedented national raw coal production of **768.19 Million Tonnes (MT)** in FY2025-26, fulfilling 96.17% of annual targets and solidifying India's domestic energy sovereignty. Opencast mining contributed **743.00 MT (96.7%)** while underground mines produced **25.19 MT**. Non-coking coal accounted for **709.98 MT (92.4%)**, ensuring an uninterrupted fuel supply to 150+ thermal power stations across the nation, while metallurgical coking coal output totaled **58.21 MT (7.6%)** for domestic steel production. Pithead dispatch efficiency achieved **753.50 MT**, maintaining utility stockpiles at a comfortable 18.5-day normative buffer.

Subsidiary Leaderboard & Corporate Financial Health

2. Subsidiary Operational Production Leaderboard & Basin Rankings

Rank	Subsidiary / Mining Entity	State	Co.	Type	Prod (MT)	Disp (MT)	Share
1	Mahanadi Coalfields Ltd (MCL)	Odisha	MCL	Open	218.31	213.50	28.42%
2	South Eastern Coalfields Ltd (SECL)	Chhattisgarh	SECL	Open	176.29	172.80	22.95%
3	Northern Coalfields Ltd (NCL)	Madhya Pradesh	NCL	Open	140.50	139.10	18.29%
4	Central Coalfields Ltd (CCL)	Jharkhand	CCL	Open	82.26	80.40	10.71%
5	Western Coalfields Ltd (WCL)	Maharashtra	WCL	Open	68.03	66.80	8.86%
6	Eastern Coalfields Ltd (ECL)	West Bengal	ECL	Open	52.08	50.90	6.78%
7	Bharat Coking Coal Ltd (BCCL)	Jharkhand	BCCL	Open	35.52	34.80	4.62%
8	North Eastern Coalfields (NEC)	Assam	NEC	Open	0.20	0.20	0.03%
-	NATIONAL TOTAL (COAL INDIA LTD)	All Basins	CIL	Cons.	768.19	753.50	100.00%

3. Financial Dominance, EBITDA Margins & Capital Allocation

CIL delivered stellar financial execution with gross revenue reaching **Rs. 1,68,400 Crores**. Consolidated EBITDA reached **Rs. 53,276 Crores** representing a world-class operating margin of **31.6%**. Profit After Tax (PAT) stood at **Rs. 31,071 Crores**, supporting a market capitalization of **Rs. 2,77,600 Crores**. The Board declared a total dividend payout of **52.52% of PAT**. Record Capital Expenditure (Capex) of **Rs. 19,840 Crores** was deployed into First-Mile Connectivity (FMC) rail lines, mechanized coal handling plants (CHPs), railway sidings, and washery modernisation.

Logistics & Coal Preparation Asset Telemetry

Operational Telemetry, ESG Stewardship & Ministerial Directives

4. Logistics Evacuation & Heavy Earth Moving Machinery (HEMM) Uptime

First-Mile Connectivity (FMC): 51 mechanized FMC rail sidings with 380 MTPA capacity transported **88.5%** of coal via Indian Railways rakes and covered conveyor belts, eliminating 3,200 daily diesel truck movements. Average rake turnaround improved to 3.1 hours per rake. **HEMM Machinery Availability:** Walking Dragline availability reached **94.2%** (CMPDI benchmark: 85%), Electric Rope Shovels operated at **91.8%**, and the heavy 240T/190T rear-dumper fleet achieved **89.6%** operational uptime. 48 Continuous Surface Miners delivered 112 MT of blast-free eco-extraction.

5. Environmental Stewardship, Green Energy Transition & Community Water

Biological Reclamation: 34.2 Lakh saplings planted across 1,793 Hectares of overburden dumps. **Solar Clean Energy:** 154 MW commissioned ground and rooftop solar capacity, advancing toward the 3,000 MW Net-Zero target by 2028. **Community Water Stewardship:** 4,820 Lakh Gallons of treated surplus mine water supplied to 850+ peripheral villages for community drinking and agriculture.

Environmental Restoration & Solar Installation Asset

6. Sovereign Operational Directives for FY2026-27

- DIRECTIVE 1 (FMC Expansion): Commission Phase-II FMC projects to expand mechanized rapid loading capacity to 500+ MTPA.
- DIRECTIVE 2 (Digital Weighbridges): Enforce 100% RFID automated gross tare weighbridges across all pitheads with zero manual override.
- DIRECTIVE 3 (MDO Commercialization): Operationalize 20 Mine Developer and Operator (MDO) blocks unlocking 130 MTPA capacity.
- DIRECTIVE 4 (Underground Mechanization): Expand Continuous Miners and Longwall faces in ECL, BCCL, and SECL to exceed 40 MTPA.
- DIRECTIVE 5 (Net-Zero Renewable Push): Tender and commission 500 MW additional solar parks in MP, Odisha, and Chhattisgarh.
